

CRYSTAL PARK FIRE DEPARTMENT JUNE 2014 MONTHLY UPDATE

1. **Incidents:** There were 7 toned out incidents in June. One incident was for move up to cover a fire, six other calls were for smoke investigations in the foothills between Crystal Park and Manitou Springs.

2. **Grant Update:** Still waiting to hear on the VFA wildfire grant

3. **Training:**

A. June monthly training was another rehearsal of our new procedure to relay pump to Engine 910, and to test out Tender 961 following the Mother's Day Freeze. Next month we will train on drafting operations.

B. EMT Training: Two members are now nationally certified/state certified; so we currently have three available EMTs.

4. **Apparatus:** All apparatus are operational. Rescue 971 had a transmission leak that was fixed, and Tender 961 was pumped under pressure with no leaks from the Mother's Day freeze.

5. **Membership update:** Good news! We four applications. Pending approval we will be back to a strength of 18. (2 still on Sabatical)

6. **Broken Arrow Update:** Nothing add'l to report.

7. **Equipment:** 17 of our 34 SCBA bottles passed hydro-static testing, and 17 more are being tested now.
